M.Vs. Taxation-Grant in lieu of fines collected in 1947-48-Distribution to Local bodies.

From the Accountant General Madras No.T. 6; Just III 310, dated 21st July 1948.

A Since 1933-34, local bodies were being given an ex-gratia grant equal to the amount of fines collected under the M.M.V.T. Act, 1931, in order to make good to some extent the loss incurred by them because of the fact that the toll compensation due and paid to them under the Act fell short of the income derived from tolls before 1931. In G.O. 2934, Home, dated 27.10.41, the Government decided to make up this loss by payment to the local bodies of additional toll compensation equal to the entire loss incurred by them by the abolition of the tolls. The Government therefore discontinued in G.O. 3774, Home, dated 15.10.42 the ex-gratia payment referred to at A above. Sub Section (3-A) of Section 10 of the M.M.V.T. Act introduced by Act II of 1946 provides for the payment of the additional toll compensation on a statutory basis so that the amount so paid may not have to be paid again in any subsequent year or years when there is a surplus in the proceeds of the tax under the M.M.V.T. Act 1931. No grant in lieu of fines collected in 1946-47 was paid to local bodies as it was expected to pay to them the full maximum toll compensation of Rs. 68.34 lakhs as statutory toll compensation and additional toll compensation.

2. The Accountant General has now reported that a sum of Rs. 22,148-3-9 was collected as fines under the M.M.V.T. Act in 1947-48. The point now for consideration is whether any grant in lieu of fines collected under the M.M.V.T. Act during the year 1947-48 should be paid to local bodies. Under G.O. 3774, Home, dated 15.10.42 no grant in lieu of fines collected should be paid so long as additional toll compensation is paid.

In G.O. 1396, Home, dated 8.4.47, the Government sanctioned the payment of Rs. 63 lakhs as statutory toll compensation to local bodies in respect of the year 1947-48. The balance yet to be paid to the local bodies is Rs. 5.34 lakhs. This amount is likely to be granted in view of the fact that the receipts under the M.V. Act for 1947-48 was Rs. 125/- lakhs. The question of paying the balance of Rs. 5.34 lakhs as arrear toll compensation is separately under consideration in file C.No. 57964 R/48.

As the question of giving a grant in lieu of fines will not arise if the arrear toll compensation of Rs. 5.34 lakhs is decided to be paid, it is submitted this may lie over till a decision is reached on the question referred to at B above.

From the Accountant General No.T. 6 Jus.III 480 dated 13.8.49.

...

The file is now concerned with the question whether Local Bodies should be given an ex-gratia grant for the years 47-48 and 48-49, equal to the amount of fines collected during those years under the M.M.V.T. Act, 1931. Please see the notes on pp. 1-2 above. It will be necessary to pay the Local Bodies an ex-gratia amount equal to the fines collected if in any year it is not possible to pay the full amount of statutory toll compensation due to Local Bodies. So far as 47-48 is concerned the question does not arise, as the maximum toll compensation namely Rs. 68.34 lakhs was

ALREADY PAID

already paid. (i.e.) Rs. 63 lakhs in G.O. No. 1396, Home, dated 8th April 1947, and Rs. 5.34 lakhs in G.O. 653, Home dated 17.2.1949.

The question of making an ex-gratia payment during 48-49 does not also arise as, in G.O. No. 1241, Home, dated 2.4.48 the Government have sanctioned the payment of the full amount of compensation viz., Rs. 68.34 lakhs due for that year
